

Nishant Sharma

Software Developer

nishant.dev.tech@gmail.com — +91-8708639550 — [GitHub](#) — [Portfolio](#) — [LinkedIn](#)

Professional Summary

Software Developer skilled in building scalable web applications using React.js and modern backend technologies. Experienced in REST APIs, authentication, database integration, and cloud deployment. Passionate about writing clean, efficient code and building impactful, high-performance solutions.

Technical Skills

Languages: Java, JavaScript, HTML, CSS

Frontend: React.js, CSS **Backend:** Node.js, Express.js

Database: MongoDB, SQL **Tools:** Git, GitHub, Postman, VS Code, Netlify, Render, Vercel

Soft Skills: Teamwork, Problem Solving

Projects

TradeTogether — Barter Platform

[GitHub](#) — [Live](#)

- Built a barter-based product exchange platform with real-time chat and negotiation using Socket.io
- Implemented secure authentication and cloud deployment using Render and MongoDB Atlas

JobNest — Job Portal

[GitHub](#) — [Live](#)

- Developed a job portal with role-based access for recruiters and students
- Implemented JWT-based authentication and authorization for secure user management

Intellithon — Hackathon Website

[GitHub](#) — [Live](#)

- Designed and developed a responsive hackathon website for event promotion and participant engagement
- Built modern UI using React.js with smooth navigation and optimized performance
- Deployed the application on Vercel ensuring fast load times and reliability

Contract Projects

Shivam Enterprises — Business Website

Ongoing

- Developing a modern and responsive business website for Shivam Enterprises
- Building optimized frontend pages with clean UI and mobile responsiveness
- Working on deployment, performance optimization, and user-friendly navigation

Experience

IBM Full Stack Virtual Intern — Edunet Foundation (NASSCOM)

Jun 2025 – Jul 2025

- Gained hands-on experience in full stack development workflows and debugging
- Collaborated with team members using Git and assisted in application deployment

Full Stack Developer Intern — Corizo

Jul 2025 – Aug 2025

- Developed RESTful APIs and reusable UI components using modern web technologies
- Improved backend performance by optimizing database queries and application logic

Leadership & Organizing Experience

- Student Member — Centre of Excellence (AI), KR Mangalam University
- Led and organized **INTELLITHON'26**, leading planning, sponsorship coordination, team management, and successful execution of the Inter-university Hackathon
- Led and organized **AI Summit 2025**, coordinating technical sessions, event management, and participant engagement
- Organized and managed **Deep Data Hack 2025**, handling planning, operations, and team coordination
- Served as core organizing member for multiple university-level hackathons and technical events
- Coordinated teams and ensured smooth execution of large-scale student technology events

Education

B.Tech — Computer Science and Engineering

2023 – 2027

KR Mangalam University, Haryana

CGPA: 7.5/10 (till 5th semester)

Certifications

- Full Stack Web Development — IBM (NASSCOM FutureSkills)
- Full Stack Development Internship Certificate — Corizo
- Frontend Developer Program — Infosys Springboard

Achievements

- Winner — Geekathon 2024 (200+ participants)
- Top Performer — Corizo 4-Week Challenge “Carnival of Champions”
- Top 10 Finalist — Hack O’Clock 2025
- Deployed multiple full stack web applications on cloud platforms
